

## Mini Fold Downs have all of the features of the top selling Single Fold Down, only with a smaller frame.

The Mini Fold Down is designed for areas with only a small amount of hanging space or where window and door placement restrict the available wall space to greater than 1.5m but less than 2.2m, such as on the side of houses. Line length is 7.5m over 5 lines.

7.5m of hanging space
72mm line spacing for ease of clothes hanging
One-hand operation for folding up or down
Galvanised tube for corrosion resistance
Two powder coated colours available
